National Accounts Statistics	1. Improved datasets for macro-economic policy analysis based on compiled and disseminated annual GDP by expenditure on a timely basis following the 1993/2008 SNA methodology as well as improved and reconciled GDP by production that reflect updated base years. Development of SUT frameworks and updating the reference year for the National Accounts.	Barbados	TA mission	0.4	2.0	3.0	5.4	Improvement of annual estimates of GDP by economic activity at current and constant prices; and advice for improvement of the GDP by expenditure methodology.	
		Bermuda	TA mission	0.4	3.0	-	3.4	Capacity building and development of a SUT framework; and data gap analysis.	
		Cayman Islands	TA mission	0.4	3.0	-	3.4	Capacity building and development of a SUT framework; review of NA survey forms and data gap analysis.	
		Grenada	TA mission	0.4	0.8	3.0	4.2	Finalize the SUT estimates and compile GDP by expenditure estimates.	
		Jamaica	TA mission	2.0	0.8	3.0	5.8	Develop the methodology to compile institutional sector accounts; and data gap analysis.	
		St. Kitts And Nevis	TA mission	0.4	3.0	-	3.4	Compilation of GDP by expenditure approach.	
		Haiti	TA mission	0.8	0.8	6.0	7.6	Development of SUT estimates.	
		Turks And Caicos	TA mission	0.4	3.0	-	3.4	Compile annual estimates of GDP based on the 1993/2008 SNA framework.	
		Suriname	TA mission	0.4	0.8	3.0	4.2	Development of SUT estimates and improved GDP by expenditure estimates.	
		British Virgin Islands	TA mission	0.4	0.8	3.0	4.2	Production of rebased GDP estimates.	
		Regional	Workshop	0.4	2.0	4.0	6.4	Capacity building (via a workshop) on the 2008 SNA implementation including a development of a regional action plan.	
National Accounts Statistics	2. Improved datasets for macro-economic policy analysis based on compiled and disseminated Quarterly GDP by production and expenditure approaches in both current and constant prices following the QNA manual.	Bahamas	TA mission	0.4	0.8	3.0	4.2	Finalization of QGDP current price estimates and improved QGDP constant price estimates.	
		Barbados	TA mission	0.4	0.8	4.0	5.2	Build capacity and develop quarterly estimates of GDP by economic activity.	
		Dominica	TA mission	0.4	0.8	3.0	4.2	Build capacity and develop quarterly estimates of GDP by economic activity.	
		Jamaica	TA mission	0.4	3.0	-	3.4	Improve quarterly estimates of GDP by expenditure approach.	
		St. Lucia	TA mission	0.4	3.0	-	3.4	Improve quarterly GDP estimates and finalize the SUT.	
		St. Vincent & The Grenadines	TA mission	0.4	3.0	-	3.4	Review of the current methodology; and specifications for improvements to the methodology.	
		Trinidad And Tobago	TA mission	0.4	3.0	-	3.4	Review of the current methodology; and specifications for improvements to the methodology.	
Price Statistics	1. Improved datasets for	Antigua and Barbuda	TA mission	0.4	0.8	3.0	4.2	Dissemination of the rebased CPI.	

monetary policy, wage indexation, national accounts, and general inflation policy based on compiled and disseminated price indices covering consumer, producer, and export and import price indices following the latest available international methodologies and guidelines.	Barbados	TA mission	0.4	0.8	3.0	4.2	Updating of CPI baskets, improvement of the index methodology.
	Montserrat	TA mission	0.4	0.8	3.0	4.2	Dissemination of the rebased CPI.
	St. Kitts And Nevis	TA mission	0.4	0.8	3.0	4.2	Updating of CPI baskets, improvement of the index methodology.
	Trinidad And Tobago	TA mission	0.4	0.8	3.0	4.2	Improvement of the index methodology.
	Turks And Caicos	TA mission	0.4	0.8	3.0	4.2	Updating of CPI baskets, improvement of the index methodology.
	Regional	Workshop	4.0	0.8	-	4.8	Capacity building (via a workshop) on the compilation of financial soundness indicators and real estate price indices.
	Regional	Workshop	0.4	2.0	4.0	6.4	Capacity building and development of integrated regional development plans (via a workshop) on the compilation of price statistics (CPI, XMPI, and PPI)
